As an engineer and a leader, I am engaged in making social change, with a focus on promoting diversity, inclusion and equity. I enjoy volunteering my time to give back to the broader communities I am a part of. In particular, I believe supporting queer engineers towards meaningful careers that they take pride in is critical for a better tomorrow as we face the challenges of urbanisation ahead. I have demonstrated leadership, planning and thoughtfulness through active involvement in student-run societies, projects and other collaborative environments where I take strides towards inspiring and uplifting my engineering cohort.

Education

University of New South Wales

Bachelor of Engineering (Honours) (Civil with Architecture)

Completion in Feb 2022 due to COVID-19

- Dean's Honours List (2019, 2020) | WAM: 81
 - Thesis: A Systematic Review of the Contribution of Vertical Greenery Systems to Indoor Wellbeing
-

Volunteering Experience

UNSW Civil and Environmental Engineering Society (CEVSOC)

President

Oct 2020 – Present

- Directed an executive team of 12 and expanded the wider team by 30% to 57 students.
- Chaired the planning of over 50 events focusing on delivering a 2000 large student body with career development, academic, social and sporting opportunities to personal and professional development.
- Established 3 new portfolios to ensure future focused development; HR to optimise team operations; Diversity & Inclusion to heighten our social impact; and Programs to provide mentoring opportunities.
- Coordinated two three-day long camps, both an orientation camp and a professional development retreat, with an overall budget of \$59 400, as well as an end-of-year ball with a \$34 000 budget.

Marketing Manager

Oct 2019 – Oct 2020

- Directed and mentored a team of 9, whilst communicating regularly with 30 other portfolio members.
- Developed marketing schedules throughout for the 45+ events that CEVSOC runs, ensuring team members were on track and supported in carrying out delegations.
- Designed and produced 2020 merchandise that sold 48% more than the previous record, creating \$940 in profits to recover losses from event cancellations due to COVID-19.

UNSW SRS Queer Collective

Queer Peer Mentor

Aug 2020 – Dec 2020

- Presented a seminar on LGBT+ wellbeing and health services in Sydney to over 30 mentees.
- Provided mentorship services to 9 LGBT+ first-year students exploring wellbeing, student opportunities and the LGBT+ experiences of engineering careers to bridge the transition between school to university.

UNSW Illuminate

Product Manager and Design Director

Dec 2018 – July 2020

- Coordinated designs of audio-visual displays such as UNSW's submission for VIVID 2019, VIVID 2020, an interactive station for Starlight Foundation at Sydney Children's Hospital, and various on-campus displays.
 - Established and managed the 2020 Art and Design team with a focus on creating good working relationships with them and other project portfolios.
 - Curated creative directions in line with technical requirements while adapting to budget and time limits.
 - Enhanced communication and organisation skills through facilitating workshops on 3D modelling and rendering skills for up to 15 students, improving team quality and efficiency.
-

Technical Skills

Expert in Photoshop, Illustrator and InDesign | Proficient in After Effects and Premier Pro
