

Christopher Wang

SUSTAINABILITY CONSULTANT

Christopher holds a Bachelor of Engineering (Honours Class 1) majoring in Civil Engineering with Architecture from the University of New South Wales. He is a sustainability consultant that is passionate about contributing to the continual improvement and innovations in the built environment.

He has developed a client centric approach to the planning and delivery of capital infrastructure projects from performing as an assistant project officer at the Department of Defence (CFI) on projects totalling \$1.3B.

Qualifications and affiliations

- Bachelor of Engineering (Honours Class 1), Civil Engineering with Architecture, University of New South Wales, 2022
- Green Star Associate
- Young Engineers Australia Sydney – Committee (2022 - Present)

Location

- Sydney, NSW

Professional History

- Department of Defence, Assistant Project Officer, Capital Facilities and Infrastructure (2020-2022)
-

Relevant project experience

BaptistCare Vertical Village and Master Plan, BaptistCare Macquarie Park, NSW

- Christopher supported the development for the ESD Concept Design Report for the SSDA submissions for both the Vertical Village and Masterplan for BaptistCare. He also helped deliver the BASIX strategy and NatHERS works for the Vertical Village.

Mayfield Gardens Master Plan, Mayfield Gardens Oberon, NSW

- Christopher reviewed current and proposed site infrastructure to support the development of a sustainability strategy based off the site's potential. This strategy revolved largely on the water and other ecological opportunities of the site to facilitate decision making in the master plan.

Ausgrid GRESB Infrastructure Assessment, IFM Investors

- Christopher supported Ausgrid's first GRESB Infrastructure Assessment (FY21) submission which involved developing internal procedure for data collection, materiality assessments, gap analyses, submission compilation and mock scoring across the GRESB assessment indicators.

Sustainability Data Reporting, Centuria Capital

- Christopher managed Centuria Capital Group's Sustainability data reporting for Q4 FY22 which covered energy, emissions, water and waste.

Green Star Performance Recertification, Charter Hall

- Christopher delivered Charter Hall's Green Star Performance FY22 recertification for their Retail and Industrial portfolios involving over 270 assets.

AWP6 Parkdale Station, Southern Program Alliance, Parkdale, Victoria

- Christopher conducted weather comfort analysis of the new Parkdale Metro Station design, assessing sun, wind and rainfall exposure to ensure the site is accessible, comfortable and in compliance with relevant standards and requirements.
