

CHRISTOPHER WANG

Sustainability Consultant

PROFILE

Christopher is a sustainability consultant that is passionate about contributing to the continual improvement and innovations in the built environment.

He enjoys working at the portfolio and precinct level to enact meaningful change. Christopher has successfully delivered impactful outcomes across a wide range of clients and projects, including energy utilities, retail portfolios, industrial and logistic portfolios, residential precincts, local and regional councils, and transport infrastructure. Prior to WSP, he has developed a client centric approach to the planning and delivery of capital infrastructure projects as an assistant project officer at the Department of Defence on projects totalling over \$1.3B.

1.5 years with WSP

3.5 years of experience

LOCATION

Sydney (George St), Australia

QUALIFICATIONS AND AFFILIATIONS

Bachelor of Engineering (Honours Class 1), Civil Engineering with Architecture, University of New South Wales, 2022

Green Star Accredited Professional (Buildings)

Young Engineers Australia Sydney – Committee (2021- 2023)

PROFESSIONAL EXPERIENCE

– Ausgrid GRESB Infrastructure Assessment, IFM Investors

Christopher has supported Ausgrid's GRESB Infrastructure Assessment annually since their inaugural submission in FY21 which involved developing internal procedure for data collection, materiality assessments, gap analyses, submission compilation and mock scoring. Christopher took a leading role in managing the FY22 submission which saw a 35% improvement to Ausgrid's GRESB score and a 63% improvement in their global ranking.

– Sustainability Data Reporting, Centuria Capital

Christopher managed Centuria Capital Group's Sustainability data reporting for Q4 FY22 which covered energy, GHG emissions, water and waste consumption.

– Sustainability Assurance, Growthpoint Properties Australia

Christopher assisted with the delivery of assurance services aligned with ISO 15064-3 guidance to Growthpoint Properties Australia, assessing their GHG, energy, and water data for their sustainability reporting, CDP and GRESB Survey.

– Sustainability Due Diligence, Confidential

Christopher reviewed ESG reports, benchmarking results, performance, and targets for a major private road for the purposes of an acquisition on behalf of the purchasing party.

– Green Star Performance, Charter Hall Group

Christopher assisted in the delivery of Charter Hall's Green Star Performance FY22 certification for their portfolios involving 250+ assets which saw their Retail Portfolio uplifted to a 3-Star rating for the first time. Christopher coordinated and managed the operational energy and water performance assessment of the portfolios. He was involved with further works for Charter Hall's Green Star Performance Portfolios to align strategy with the Performance V2.0 tool.

– Green Star Performance, QIC

Christopher assisted in the delivery of QIC's Green Star Performance FY23 certification for 27 office and shopping centre assets targeting a 3-star rating. Christopher analysed operational performance data and worked with ESG managers and facilities management to acquire and develop the relevant documentation for the rating submission.
